

Instructions for States/UT's to use the App

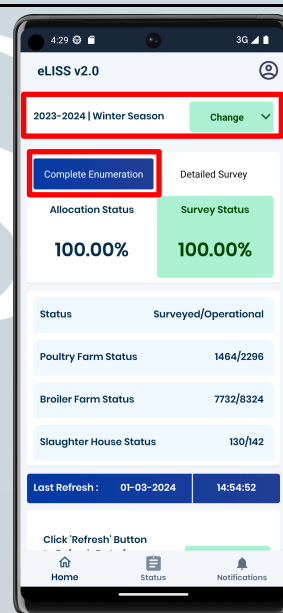

The States/UT's can now login on the eLISS data collection app to view the Allocation and Survey Status for both Complete Enumeration and Detailed Survey. The steps to perform the various activities by the States/UT's are given below.

Step 1:

Click on the “Complete Enumeration” button to view the allocation and survey status of selected villages/urban wards for a particular year and season.

Click on the “Detailed Survey” button to view the allocation and survey status of selected villages/urban wards for a particular year and season.

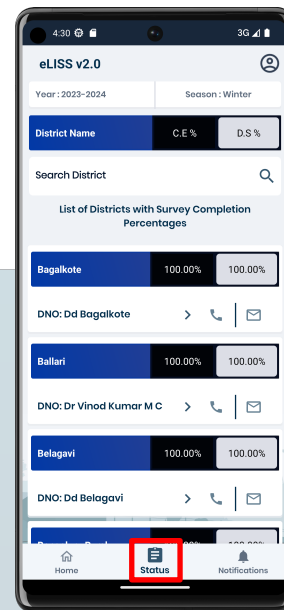

Click on the “Change” button in case the Year and Season needs to be changed.

Step 2:

To view the District-wise survey status, please click on the “Status” tab at the bottom.

List of all the districts along with the completion percentage for Complete Enumeration & Detailed Survey will appear.

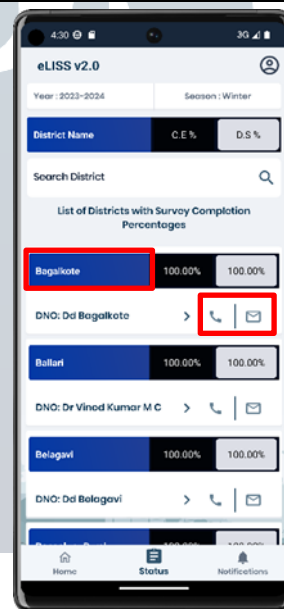

Step 4:

Click on the name of the district to view the schedule-wise summary.

To communicate with District Nodal Officer (DNO), State/UT official can click on the call or mail icon button.

Note: The list of districts is sorted alphabetically. You can also use the search bar to find a specific district.

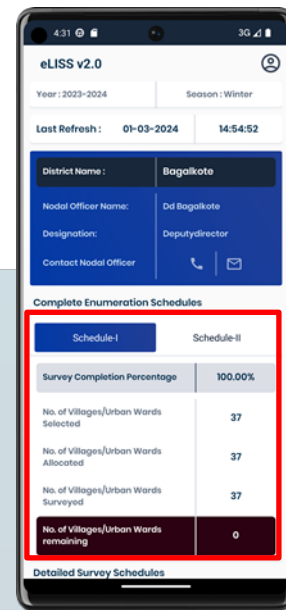

Step 5:

State/UT official can monitor the survey for all eight ISS schedules individually at district level.

To view the status of Schedule-I,
Click “Schedule- I” button.

To view the status of Schedule-II,
Click “Schedule- II” button.

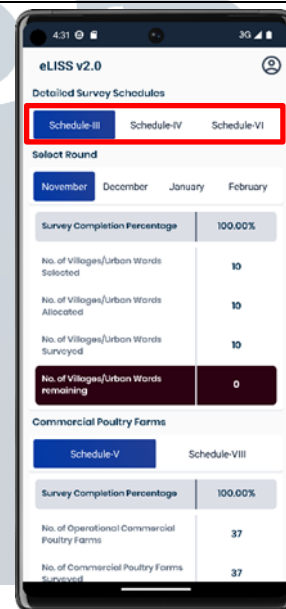

Step 6:

State/UT can also view the status of Schedule-III, Schedule-IV and Schedule-VI round-wise.

To view the status of Schedule-III,
Click “Schedule- III” button.

To view the status of Schedule-IV,
Click “Schedule- IV” button.

To view the status of Schedule-V,
Click “Schedule- V” button.

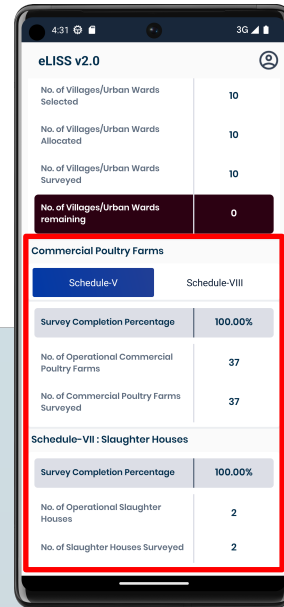

Step 7:

To view the status of Schedule-V,
Click “Schedule- V” button.

To view the status of Schedule-
VIII, Click “Schedule- VIII” button.

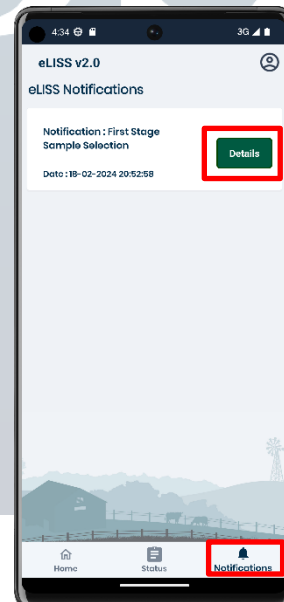

To view the status of Schedule-VII,
Click “Schedule- VII” button.

Step 8:

Click “Notifications” tab to view the
Notifications.

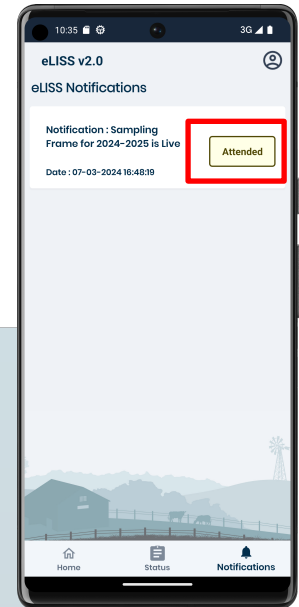

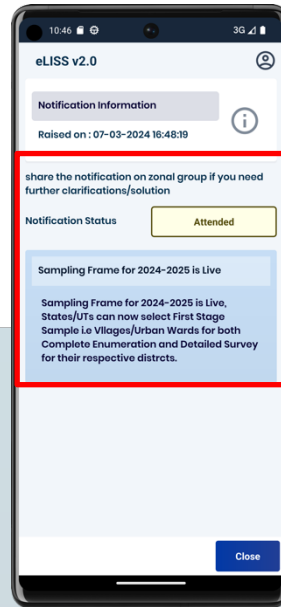

Click on the “Details” button to
read the details of a particular
notification.

Step 9:

Read the details of the notification.

Once the notification is being read by the State/ UT official, the status is updated to “Attended”.

Step 10:

To remove the multiple device constraint on the App,

Go to “Home” tab and mention the username, then click on “Remove Constraint” button.
